

Crime Stats December 2022 to March 2023

Reported crime statistics

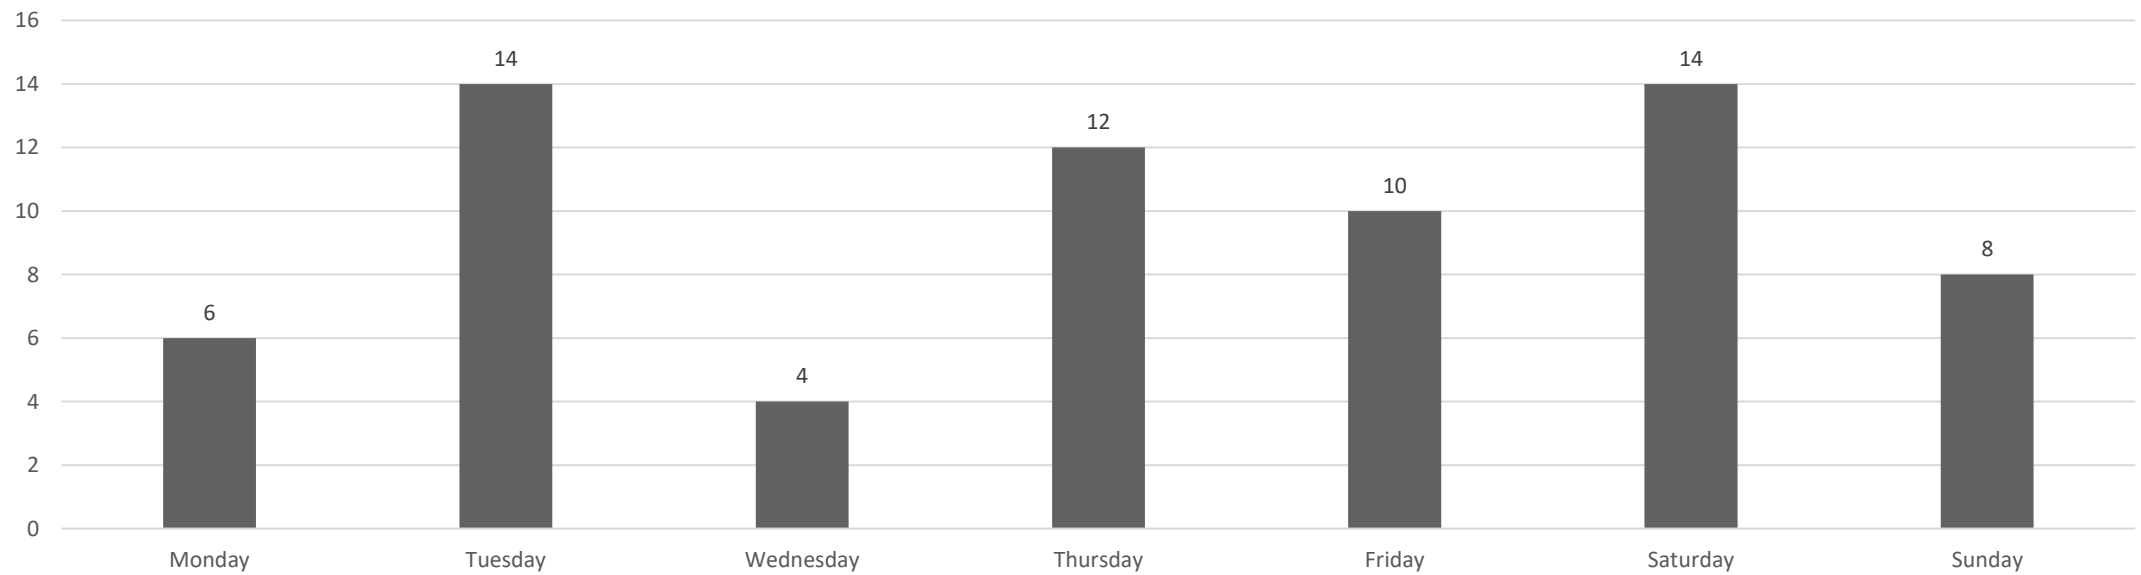

Doornrandje and Laezonia Community Safety Sub-Sector Forum

Questions

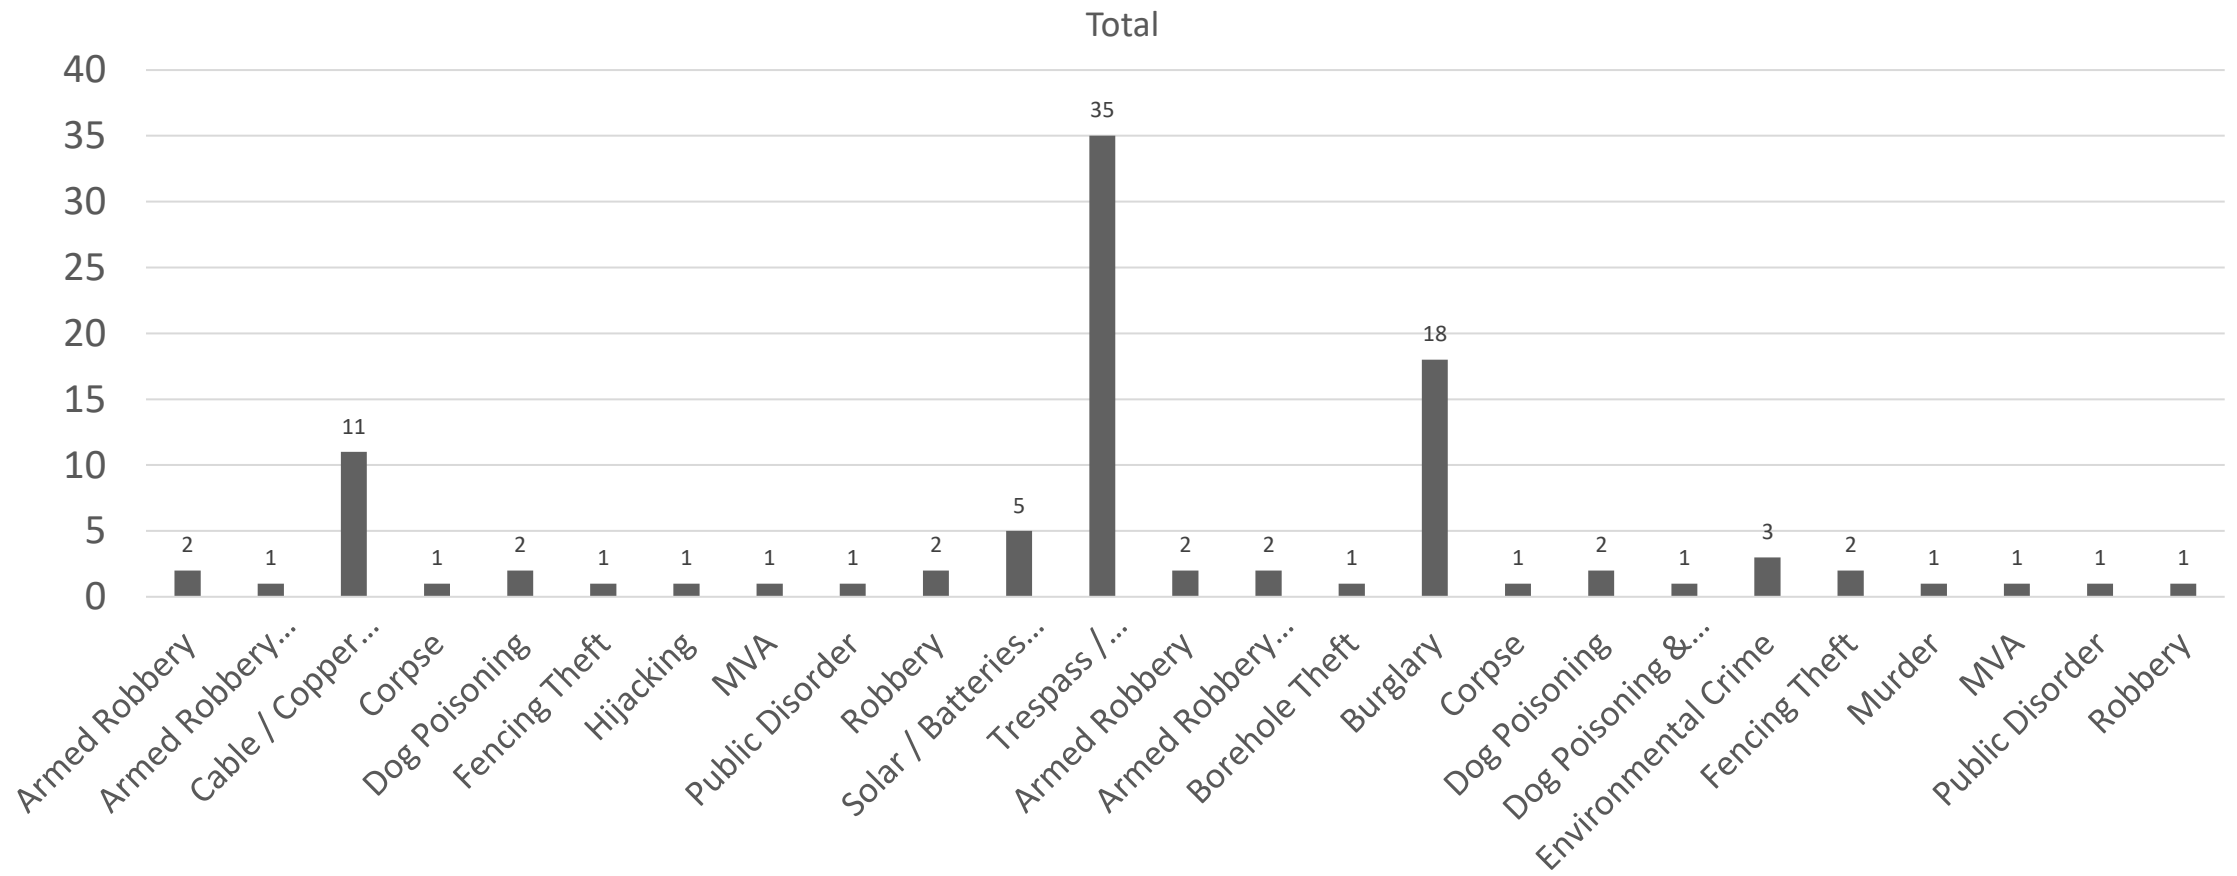

- Are criminal incidents effectively being shared between SSCFs and suburbs or is information still being siloed?
- Are all incidents reported and do IR / CAS numbers exist?
- How can the number of robberies and burglaries be decreased through early detection of intrusions?
- What factors are contributing to the higher incidence of trespass / attempted burglaries or robberies (security measures in place, alertness etc)?
- The majority of instances of armed robbers / burglaries are amongst tenants or domestic workers and store rooms / garages. What security measures are in place to protect these persons or areas?
- What intelligence gathering measures are in place in various communities?
- What vested interests do domestic workers / gardeners and residents in informal settlements have in reducing crime in this precinct.
